MEDICINAL

THE TRYING TIME

In a young girl's life is reached when Nature leads her uncertain steps across the line which divides girlhood from womanhood. Ignorance and neglect at this critical period are largely responsible for much of the womanly function, after misery of womanhood. Not only does Nature often need help in the regular establishment of the womanly function, but there is almost always need of some safe, strengthening tonic, to overcome the languor, nervousness and weakness, commonly experienced at this time.

Dr. Pierce's Favorite Prescription establishes regularity. It is a strengthening tonic, soothing the nerves, encouraging the appetite and inducing restful sleep. It contains no alcohol, neither opium, cocaine or other narcotic.

I wish to tell you the benefit we have received from using your remedies," writes Mrs. Dan Hall, of Broadhead, Green Co., Wis. "Two years ago my daughter's health began to fail. Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout, weighed 120 lbs. and I gave up, thinking there was no use, she must die. Friends all said, 'You will lose your daughter.' I said I fear I shall. I then saw your advertisement in the paper. I bought a bottle of your 'Favorite Prescription' my daughter would have been in her grave to-day. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

TROUBLE IN WYOMING.

Private advices received in Omaha from the Iron Mountain region of Wyoming state that the district is on the verge of the bloodiest range war against the larger interests which have been seizing upon the range lands which belong to the government and are, until homesteaded, free to the use of all who may wish to feed cattle upon them.

The situation is another phase of the land fencing question which is now bringing the cattle interests of Nebraska, large and small, to the higher pitch of exasperation. The reports from Iron Mountain, Guernsey, Wyo. land, and other points near the Iron Mountain range, are to the effect that a merciless slaughter of cattle on the ranges is in progress. Inasmuch as these slaughters of animals have hitherto always been followed by the slaughter of men, assassinations are hourly expected to be told by the reports which come out slowly from the range country. Herders are all armed and all are eager for the fray, because the long continued range war has created feuds to which the Kentucky episodes are but mere fairy tales. Private vengeance is to be wreaked to satisfy the passions of men who have wrongs, or conceive they have, against their neighbors. It is a neighborhood warfare which is almost hourly expected, and well-informed cattlemen state that if the authorities of either Wyoming or the government do not promptly interfere, serious trouble will result. The apparent intention of the Interior Department officials to make nothing of the Nebraska cases, as shown in their recall of Col. John S. Morby, has served to increase the bitterness existing among the smaller ranchmen toward the great cattle interests, which are occupying the ranges and fencing them in under the blinking eyes of land agents. The disaffection is equally strong in northwestern Nebraska.

AFTER PROFESSIONAL JOYRYMEN.

The committee on courts of justice of the legislature has taken up a number of bills which had been referred, among them being the bill offered by Senator Opie to allow the defendant and plaintiff in civil suits the right of peremptory challenge of two jurors each, the right to be exercised without the assignment of reason. Senator Opie said that the bill had been drawn for the express purpose of ridding the courts of the professional juror. Other members of the committee recited instances which had come under their observation when it would have been to the advantage of counsel to have objected to certain jurors, either by reason of consanguinity of the parties in interest, but under the law it could not be done without reason being given. The bill under consideration would remedy a serious defect in the statutes. The bill was endorsed by every member of the committee and the recommendation that it be made a law. The several bills regarding the powers of mayors, commonly known as the Moss bills, relieving mayors from liability for damages to removing officials from office, conferring power of appointment of boards on mayors, and other kindred bills, of which Senator Tyler was the patron, were passed by, owing to the absence of Senator Tyler. The bill to restrain drunkards and users of drugs and to confine them, when unable to care for themselves or their property, introduced by Senator Harman, was also passed by, Senator Harman being absent.

STUDENTS IN A FIGHT.

Students of St. John's College, Annapolis, Md., to haze the preparatory students at an early hour yesterday morning led to a fierce fight, in which the older men finally conquered, but not until a number of them were most seriously injured. The "preps" defended themselves bravely, and were most nobly aided by one of their instructors, Prof. Rapner, who wielded a certain pole with telling effect. He made such a brave fight against odds that the members of the attacking force are full of praise for his valor. The affair was begun at about 1 o'clock yesterday morning, when a body of students, mostly freshmen, went from Pinkney Hall to Humphrey Hall, the dormitory of the younger students, for the purpose of hazing them. The "preps" showed fight, however, and succeeded in driving their assailants off, injuring one so badly that he had to be carried. This aroused the other students and they came back in much larger force. By this time Prof. Rapner, who rooms in Humphrey Hall, had been aroused, and, with a currier pole as a weapon, he stood at the top of the stairs, like Horatio at the bridge, and for a long time kept practically the whole student body at bay, but was finally overpowered. Members of the faculty of the college regarded this as the most serious breach of discipline that has occurred for a long time and will take most rigorous measures to punish it.

Sweating Process!

which was used in older days to cure a cough or cold, is the most efficacious kind of treatment. It opens the pores and very often the patient when exposed after the sweating contracts pneumonia and consumption.

Dr. Bull's Cough Syrup

will cure the cough and cold and heal the throat and lungs without leaving any bad after-effects or danger of contracting pneumonia or consumption. Be sure you get DR. BULL'S, with the "Bull's Head" on the package.

REFUSE SUBSTITUTES

offered by unreliable dealers. They contain dangerous drugs and are injurious to the system. No substitute is "just as good" as Dr. Bull's Cough Syrup. At all druggists, a large bottle for 25 cents.

SMALL BOTTLE, PLEASANT TO TAKE.

WOMEN AND BABES AT ADULTION.

Harrowing accounts of the condition of the starving peasants come from the central provinces of Russia. The state of affairs in the province of Kovrov is incredible. Regular auction sales of women and children to buy food for them being held there, the wives, daughters and little ones of men who are too poor are knocked down to the highest bidder in order that they may not perish. A sound, wholesome young girl fetches \$135. A healthy child sells for from \$10 to \$25. Specialists are said to do a thriving business by fattening their emaciated patients and selling them again. Whole families are subsisting on a little meal mixed with the ground bark of trees, while roots and herbs are boiled with the flesh of diseased animals to make soup.

To Get Rid of a Troublesome Cough.

First soak it in warm water to soften it, then pare it down as closely as possible without drawing the blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Richard Gibson, druggist.

Two million Americans suffer the torturing pains of dry cough. No need to. Burdock Blood Bitters cure. At any drug store.

A Cold Wave.

The forecast of sudden changes in the weather serves notice that a horse voice and a heavy cough may invade the sanctity of your own home. Cautious people have a bottle of Ely's Minute Cough Cure at hand. E. H. Wise, Madison, Ga., writes: "I am indebted to One Minute Cough Cure for my present good health, and probably my life." It cures Coughs, Colds, La grippe, Bronchitis, Pneumonia and all throat and lung troubles. One Minute Cough Cure cures the phlegm, draws out the inflammation, heals and soothes the mucous membrane and strengthens the lungs. E. S. Leadbeater & Sons.

Avoid all drying inhalants and use that which cleanses and soothes the membrane. Ely's Cream Balm is such a remedy and cures Catarrh easily and pleasantly. Cold in the head vanishes quickly. Price 75c per bottle at druggists or by mail.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved. J. W. Davidson, Atty at Law, Monmouth, Ill.
